ABOUT ME

Information Technology Engineer with over 10 years of experience in IT infrastructure, web, and application programming. Experienced in governmental IT management, site maintenance, and project coordination. Proficient in front-end development and frameworks, with more than 3 years of hands-on experience in accessibility-compliant application programming. Additionally, spent two years teaching Information Engineering and programming languages (Pascal, Java, C++) at Latakia University and private institutes, strengthening students' computational and programming skills.
